UPDATES & STRATEGIC DEVELOPMENTS

Following the strategic exploratory listing of InfraCredit PLC. on NASD, the collaboration is being explored to attract novel alternative asset listings to the market (**Power (on-grid/off-grid/renewables, ICT/Data Centers, Logistics/Haulage, Agric. Processing, Heavy Inds. etc.)**).

NASD is placing significant focus on developing its growth company platform called the NASD Enterprise Portal (**NASDeP**)

Exploration of the concept of providing liquidity for dormant equity in real estate assets is being discussed with the SEC on a novel product called the NASD Real Estate Equity Release Security Token Offerings.

NASD has also approached the SEC with a proposal to register and provide a market for trading the shares of the members of Nigerian Cooperative Societies.
